LET CONTRACT FOR NEW ROAD

BIDS FOR CEMETERY HIGHWAY OPENED NEXT WEEK.

IS 3,440 FEET LONG

Work To Be Let At 10 O'Clock Next Saturday Morning—Plans Are On File.

The contract for the construction of an 18-foot gravel road, a total length of 3,440 feet leading to three Maryvill cemeteries will be let at 10 o'clock next Saturday morning at the Real Estate Bank of Maryville by the Maryville Cemetery Roads Improvement Committee. Sealed bids will be received up until that time at the office of the Committee at the Real Estate Bank.

Plans and specifications are on file at the office of the Committee at the Real Estate Bank and at the office of the Highway Engineer at the courthouse, and may be inspected at either place. A set of plans and specifications may be obtained upon deposit of $2, which amount will be refunded if both plans and specifications are returned in good condition within four drys afte the date of receipt of same.

The Committee is now advertising for bids and specifies that the work shall be completed by November 1, 1925. The scope of the work shall require the successful bidder to do all sub-grading and construct all surfacing, do all shaping and construct all riprap work. It will be necessary to construct a gravel stock pile at a point designated in the contract. The contractor shall furnish all the implements, equipment and machinery, material and labor necessary to finish the job.

The route of the proposed road:

Starting from the concrete highway on the north side of the Engleman's green house, it runs east a quarter of a mile to the I. O. O. F. and St. Mary's cemeteries; then takes a jog south 300 feet; thence east a quarter of a mile; and thence south 500 feet to the St. Patrick's Cemetery.

From the edge of the concrete at the greenhouse to a point a quarter of mile east the grade is specified to be 26 feet wide and gravel 18 feet in width. For the roadway 300 feet south and 700 feet east the grade is to be 22 feet wide and the gravel 16 feet wide. From this point to the end of the project the grade is specified as 26 feet and the gravel 16 feet. At each of the cemeteries there will be a gravel pavement to the entrance.

Grading and culvert work on this project is to be done by Polk township and the work will be started the fore part of next week.

Church Programs for Tomorrow Announced

Baptist and Presbyterian Pastors Announce Subjects—College Students Welcome At All.

"Seeing the Invisible" is the subject of the sermon by the Rev. Guy L. Prather at the First Baptist Church at 11 o'clock tomorrow morning. The evening subject is "The Heart's Response." A hearty welcome to all of the College students is extended to the services. Sunday school will start at 9:30 o'clock and B. Y. P. U. at 7. The evening services start at 8 o'clock.

At 11 o'clock tomorrow morning, the Rev. S. P. Allison, pastor of the Presbyterian Church, will preach on "The Unescapable Factor of life." Miss Catherine Gray will sing at the morning services. "Climbing to God" is Mr. Allison's subject for the evening service beginning at 8 o'clock. College students are always welcome to the services.

Fire Is Raging in Big Texas Oil Tank

Mexia, Tex., Sept. 12.—Fire is raging here this morning in an oil storage tank of the Prairie Pipeline Co. The blaze started at midnight when lightning struck the tank, igniting the oil. There were 55,000 barrels of oil stored in the tank. The damage is estimated at $125,000.

Total Rainfall Here Measured 2.84 Inches

The total amount of rainfall yesterday measured 2.84 inches, according to J. R. Brink, official weather observer.

Indianapolis Man May Be Japan Ambassador

President Coolidge Is Being Urged To Appoint Henry Lane Wilson To Important Tokio Post.

Washington, Sept. 12.—Tremendous pressure is being brought to bear upon President Coolidge to appoint Henry Lane Wilson of Indianapolis as American ambassador to Japan. Unless the President heeds the insistence of the Pacific coast that the American representative in Tokio should be one from that section who is thoroughly familiar with the Japanese situation in so far as it affects the western part of the United States, Wilson has better than an even chance of appointment.

Outstanding among the backers of the Indianapolis man are Vice-President Dawes and United States Senator James Watson of Indiana. Wilson from a diplomatic standpoint, should make a good envoy to one of the most important world posts, his backers are urging upon Mr. Coolidge.

BURDETTE YEO HEADS JUNIORS

ELECTED PRESIDENT OF CLASS AT COLLEGE.

STREET NAMED V. P.

Tower Staff To Be Selected Soon—Seniors Appoint Nominating Committee For Officers.

Burdette Yeo, son of Mr. and Mrs. L. S. Yeo of Maryville, was elected president of the junior class at the State Teachers College, at an election held yesterday afternoon. Fred Street of Maryville was elected to the office of vice-president. Jewell Gose was elected secretary of the class and Homer Williams of Skidmore was named treasurer. Doy Carr was elected courier representative.

Mr. Yeo was president of the sophomore class last year at the College. He has been prominent in student activities and was a member of the debating team last year. He is a graduate of the Maryville High School.

The class voted to name the class officers as a committee to confer with the editor-in-chief of the Tower Staff. Miss Elizabeth Mills of King City, who was elected last year to that position. The committee together with the class sponsor is to report a complete Tower Staff nomination, subject to the approval of the class.

One of the duties of the junior class each year is the publication of the Tower Book, the college annual for the year.

The senior class met yesterday afternoon and appointed a nominating committee which will report at the meeting next week with a suggested list of class officers. Martha Kennedy, Mary Ruth Curfman, Roberta Cook, Ray Blomfield, and Eugene Dixon were the appointees on the committee. Grace Foster was elected Courier representative. A committee was also elected to decide upon class colors, flower, and motto. The next meeting will be held on Friday, September 18. The names of Evelyn Raines, David Max, and Eugene Dixon were voted to be submitted to the Dean of faculty to be approved before final voting upon for Student Council representative.

Making Preliminary Survey on Route 27

State Engineers Start At Concrete Road, Working South—Seven Men In Party.

(Barnard Bulletin)

A preliminary survey of the remaining part of State Road No. 27 began Monday at the concrete road and worked southeast, toward the road that was authorized by the Highway Commission several weeks ago. The survey passed west of the Central school house, passing between the house and barn on the W. F. Hartman farm, and came out at the lower side of that section near the Barnes home.

This survey evidently intends to connect the concrete road with the authorized road near the farm now occupied by J. B. Stotts, it being understood that the State Highway Commission has ordered the road to be made along that route. The surveyors are making headquarters at Bolckow. After the preliminary survey has been made a final survey must be made before the route will be passed on by the commission, we understand.

FESTIVAL ACTS ARE SECURED

SEVEN SEPARATE FREE STUNTS AT FALL SHOW.

OPENS ON SEPT. 28

Will Last For Entire Week—Brundage Carnival To Show In Connection With Annual Event.

When the crowds gather in Maryville for the annual Fall Festival which opens on September 28 for an entire week in the usual location, around the courthouse square, they will have the pleasure of enjoying seven big free acts twice daily. A great deal of money is being expended to secure the best acts available and in announcing the selection the Chamber of Commerce feels that it is providing a real treat to everyone in this vicinity.

Cliff Curran has a thriller that has amazed the world. He is a swinging phenomenon, with sensational acrobatic accomplishments on a high slender tapering pole, seventy feet in actual height, (equivalent to the height of a four or five story building). Nothing like this has ever been seen before in this part of the state. At the end of the act he slides head first, from the top to the bottom, with his arms free from the pole and hanging on only by his knees and feet.

Carl Mancllo & Co., present two separate and distinct acts. First, marvelous feats of hand and head balancing at the end of a ladder in motion; and second, an acrobatic novelty culminating with "up-side-down" bell ringing.

Odell-LeRoy-Odell, sensational international gymnasts, have two distinct acts. The first is a casting and flying act from 40 foot steel horizontal bars, and the second a unique aerial, ladder and trapeze combination, which surprises and please all who see them.

Two beautiful Japanese girls in rich and colorful native costume will perform seemingly impossible feats on the slack wire, land for their second act will do difficult trapeze work never before done by women.

These seven acts will be given each afternoon and evening.

In addition to this splendid program, each of the 10 big shows presented by the S. W. Brundage Co., will present frequent free entertainments in front of their big tents. This means that there will be something doing every minute of the afternoon and evening with no dull moments. A good time for all, young and old, is the aim of the Fall Festival.

Council Orders Sewer on South Walnut St.

Commissioners Meet September 16 At Which Time Two Paving Contracts Will Be Let.

An order was issued last night by the city council in the form of an ordinance for the construction of a six inch sewer to extend on South Walnut street from the intersection of Walnut and Thompson street to a point 600 feet south. The sewer is to be laid on the west side of the street between the sidewalk and the street proper.

The work will be done under the direction of the city engineer and the city is to pay for the labor and material out of the general fund. The estimate of the work and material is figured at $402.70 by the city engineer and the sewer is to be a six inch salt glazed vertified clay sewer pipe.

Final passage of this ordinance will be made by the city council on September 18.

The Council adjourned last night to meet at 2 o'clock the afternoon of September 16 at which time the contract for two paving jobs will be let.

South Methodists in Favor of Union

Chillicothe, Mo., Sept. 12.—The Missouri conference of the Methodist Episcopal church, South, went on record yesterday as favoring unification of the southern and northern divisions of Methodism. The vote was 196 for and 14 against. The vote was by ballot, and without discussion.

The result was received with enthusiasm among the delegates, many of whom were here for no other purpose than to vote on this question. Bishop W. F. McMurray, who is president over the conference, announced that pastoral asignments would not be made until Monday.

French Still Push Riffs Back in Drive

Reoccupy Many Posts Which Were Captured By Tribesmen In Campaign, Dispatches Say.

Paris, Sept. 12.—French troops today continued their solid front drive against the Riffs, taking all of their objectives without serious resistence from the tribesmen, according to reports reaching the war office. In leaps and bounds, the French offensive has swept forward, at one time reaching a speed of three miles in four hours, reoccupying many positions which were captured by the Riffs earlier in the campaign.

338 STUDENTS ARE ENROLLED

FINAL FIGURES ANNOUNCED BY L. L. ST. CLAIR.

FRESHMEN IN LEAD

Ninety-nine Members Of That Class—Juniors and Seniors Each Have Eighty-three.

A complete statement made by L. L. St. Clair, principal, shows that there are 338 students enrolled in the Maryvill High School for the 1925 term. Of the total enrollment 159 are boys and 179 are girls.

With 99 freshmen enrolled, that class has sixteen more to its credit than any other class of the school. The senior and junior classes each have 83 students to their credit.

The report of the principal, showing the standing of each class is as follows:

Senior class, 83, of which 39 are boys, 44 are girls. Advanced: ten boys, ten girls, twenty total. Beginning: twenty-nine boys, thirty four girls, sixty-three total.

Junior class, eighty-three, of which forty-two are boys and forty one are girls. Advanced, sixteen boys, eight girls, twenty-four total. Beginning, twenty-six boys, thirty-three girls, fifty nine total.

Sophomore class, seventy-three, of which thirty-two are boys and forty-one are girls. Advanced, ten boys, nine girls, nineteen total. Beginning, twenty-two boys, thirty-two girls, fifty-four total.

Freshmen class, ninety-nine, of which six are boys and eighteen are girls, twenty-four total. Beginning, forty boys, thirty-five girls, seventy-five total.

With the enrollment completed and practically every class adjusted, next week, will find the Maryville High school on the regular program of class study and activity.

One Man Killed in Storm Near Montreal

Three Others Are Injured And Property Damage Big Following Disturbance In Canada.

Montreal, Sept. 12.—A survey today of a severe electrical storm accompanied by hail, which swept this section late yesterday, showed one man killed, two wounded and a boy injured, many roofs blown off, scores of trees and power poles felled and damage to shipping in the St. Lawrence River.

World's Series to Open on October 7

First Games To Be Played On National League Park, It Is Decided at Meeting of Officials.

Philadelphia, Sept. 12.—The world's series will open Wednesday, October 7 in the city that wins the National League pennant, it was announced by leading club officials today with Commissioner K. M. Landis here.

Two games will be played in the National League park after which the contenders will move for a three game stand on the American League diamond, it was announced.

Farmer Is Killed in Car Accident

Clifford Woods of Versailles, Ill., Victim of Disaster Near Excelsior Springs—Wife Is Injured.

Excelsior Springs, Mo., Sept. 12.—Clifford Woods, 34, wealthy Versailles, Ill., farmer, was killed and his wife, Mrs. Dora Woods, 24, was dangerously injured near here late yesterday when their automobile skidded and fell down a steep embankment. Two children in the car were unhurt.

LEGION CAR TO OMAHA

AVAILABLE FOR FORTY-EIGHT TO NATIONAL CONVENTION

COST TO BE ONLY $12

Applications For Reservations Must Be Made By September 20—Letters Sent Out Today.

Letters were sent out today by Fred Waggoner, adjutant of the local American Legion post, to all members of the James Edward Cray Post and to the commanders of the other Legion posts in the county, announcing that a special Legion pullman will be made up here of county Legionnaires to go to the National Legion Convention at Omaha 5-9 inclusive.

A minimum of forty-eight is required before the pullman can be secured from the Wabash Railroad and the fare, including pullman, which will be used as quarters at Omaha will be only $12. It is the most convenient and cheapest plan yet devised for the transporation and care of Legionnaires from this county who wish to attend the National Legion convention, which is the closest point it will ever be held to Maryville and the county.

Officers of the local post must be notified by September 20 and money covering the cost must accompany the Legionnaire's application for a reservation. However, it will not be necessary to leave Maryville with this special pullman, but in case a Legionnaire desires to leave at a later date and wishes to be sure of a place to sleep at Omaha, he may take advantage of this privilege.

The letter which Mr. Waggoner sent out today is as follows:

Dear Buddy:

"We plan to leave Maryville Sunday morning, October 4, at 5 a. m. Our car will be parked within six blocks of the business district at Omaha. We will leave Omaha, Thursday night, October 8 at 6 p. m. This means that we will be in our pullman coach four nights. The cost of this wonderful trip, including pullman and railroad charges will be $12. You cannot afford to miss it. It is imperative that we have this money in advance before we can make the reservation, so send us your $12 at once. We have only made arrangements for forty-eight persons and the first come, first served. No reservations can be accepted after September 20. Remember first come first served regardless of which Nodaway County Post you are a member. Make your checks payable to John G. Mutz, commander of the Maryville Legion post, care of the Bee Hive Shoe Store. You will be assigned a berth just as soon as check is received.

"Do not forget that to enjoy the privileges of Omaha's wonderful hospitality during the Legion convention you must have your paid up Legion card with you. If your dues are not paid, do so at once.

"Fred Waggoner,
"Adjutant."

Says 95 Per Cent of Liquor Is Poisonous

Prohibition Director E. C. Yellowley Plans Extensive Campaign In Illinois Dry District.

Chicago, Sept. 12.—Ninety-five per cent of all liquor consumed in the United States at the present time is poisonous. That was the statement made today by Prohibition Director E. C. Yellowley as he announced he would begin next week a series of conferences with local officials in all sections of the Illinois, Indiana and Wisconsin prohibition district with the view of securing their suggestions and co-operation in the enforcement of laws in this section of the country.

Investigate Use of Army Outfit by Klan

Austin, Tex., Sept. 12.—Adj.-Gen. Mark McGee left here today for Fort Worth. It is understood he was sent by Governor Ferguson to investigate the reported use of property of the 112th Cavalry troop, Texas national guard, by the Ku Klux Klan in connection with their initiatory services last night at Arlington, near Fort Worth.

Mrs. Flora Quinn who has been visiting her son, Dr. C. W. Kirk, and family, in Hopkins, left this morning for Sterling, Colo., where she will visit en route to her home in Greeley.

Chinese Tongmen Ordered Deported

Others Caught During Night Raid Freed When They Establish Citizenship—Boston Armistice Ends.

New York, Sept. 12.—Fifty-three Chinese, rounded up during the night by federal officers, were ordered deported from the country immediately when they were arraigned before United States Commissioner Garrett Cotter today. They were taken to Ellis Island. Six others, caught in the raids, were freed when they established citizenship. Nine others who asked for hearings were held over without bond until next week.

The Chinese were rounded up in connection with the government's drive to deport all Chinese connected with the tong outbreak.

Boston, Sept. 12.—The armistice in Boston's tong war was ended this noon when an unidentified tong man was shot down on the streets of Chinatown. The gunman escaped.

PN-9 CREW IS RESTING TODAY

IN NAVAL HOSPITAL DESPITE PROTESTS.

IS GIVEN AN OVATION

Rodgers Seeks To Keep Appointment With Governor—Others Want to See Newspapers.

Honolulu, Sept. 12.—Commander John Rodgers and his crew of four officers of the seaplane PN-9 No. 1 were resting today at the naval station hospital at Pearl Harbor, but if Commander Rodgers and his men have their way they will be out of the hospital before the day.

Given one of the most thrilling and picturesque receptions that imagination could paint on their arrival in Honolulu last evening, Rodgers and his men followed orders reluctantly to go to the hospital. While admitting that they needed rest and diet, they protested that the naval station was where they belonged.

"These men need a good rest and this is the best place to get it," one of the physicians said.

Commander Rodgers was seeking to keep an appointment he made before leaving San Francisco. Just before hopping off from there August 31, he wirelessed Governor Wallace Farrington that he would call on him at the capitol the next day. Coming to Honolulu from Lihue where the crew had spent Thursday night, Rodgers wirelessed the governor:

"Doctor has advised us to spend night in hospital. Suggest Saturday, any time you set, for our call at capitol. Sorry to be late in keeping my appointment with you last Monday."

"Give us some newspapers," was the first request of Pilot Skikes Pope and Radio Operator Otto Stantz when they had reached a room in the naval station hospital last evening.

May Have Wounde Nashville's Terror

Populace of Tennessee Town Cheered By Report of Officer Shooting Negro—Thorough Search Made.

Nashville, Tenn., Sept. 12.—Possibility that north Nashville's midnight terror might have been wounded early today when patrolman Kirk Denton shot a negro prowler through the abdomen cheered the populace of this section which has been terrorized for several weeks by a masked criminal who defied police and attacked women in their homes. Although moaning, the negro overpowered the officer and escaped. Since victims of the marauder have described the criminal as a white man police are doubtful that the negro is the real marauder. However they are watching the neighborhood and searching the hospitals for the criminal.

Hunting Seasons Will Open on September 16

The hunting season in Missouri this fall will be officially ushered in once more on the morning of next Wednesday, September 16. At this time ducks will be the chief objects of the hunters, double barrels and pump guns. Walter Smith, deputy county clerk, said this morning that the clerk's office still had a number of hunting licenses for sale.

PUTS IT UP TO DEPARTMENT

MITCHELL SAYS IT'S WASHINGTON'S MOVE.

SILENT ON STATEMENT

Fiery Colonel Will Not Reply to Moffet—Believes Coolidge Is Against Air Censor.

San Antonio, Sept. 12.—Col. William Mitchell maintained silence today in face of the statement late yesterday of Admiral William Moffett, chief of the naval air service.

The disclosure that he had officially admitted to his immediate commander, Maj.-General Ernest Hinds making public charges against the war and navy departments and the receipt of word here that Col. George Nugent sent here to question Mitchell, had been recalled, did not cause a further expression from the fiery officer. It is Washington's move, Colonel Mitchell gave newspaper men to understand, intimating he would have nothing further to say until action was started against him.

Washington, Sept. 12.—Officials of the war and navy departments had begun to recover today from the panic into which they were thrown by the sensational charges of Col. William Mitchell over the administration of aeronautics.

Backed by President Coolidge in their determination to bring Mitchell before a military court for trial on his alleged insubordination, war department officials today began to view the tangled problems Mitchell has raised with something akin to equanimity, although fears were still expressed over the probable effect of the tempest upon public opinion.

With President Coolidge advocating a calm and orderly investigation of the alleged insubordination of Mitchell and a court martial if punishment is believed necessary on the evidence presented, officials of the war department are secure in the belief that the chief executive is backing them and are today inclined toward optimism on the issue.

Find No Clues in Vinton, Ia., Mystery

Officers Admit No Helpful Evidence Has Been Made—Town Gangs Are Questioned.

Vinton, Ia., Sept. 12.—A cul de sac was the baffling end of the trail today for various agencies seeking the slayer of Mrs. Myrtle Cook, W. C. T. U. worker and Klan leader, who died Monday night by a shot through the window of her home. The husband was the center of an all-day secret session of the coroner's jury, which adjourned last night to meet again Monday.

Coroner C. L. Madlin and County Attorney J. C. Nichols admitted today there was nothing in the husband's story which recounted his married life in detail nor in his manner of telling to throw suspicion on him.

Bootleggers and gangs about town, including five young men at liberty on bond for "rotten egging" the Cook home last July have been questioned to no purpose, it was admitted today.

Two Are Injured in Santa Fe Collision

Kansas City, Sept. 12—Two men were injured when a Santa Fe freight train rammed the caboose of a fruit train in the yards here today. Henry Linn, a stockman of Emporia, Kan., was severely hurt and H. L. Haiuds, fireman on the freight train, was bruised. Linn was riding in the caboose of the fruit train.

100 Chickens Stolen Northwest of Wilcox

One hundred chickens of Rhode Island Red breed of the spring flock, were stolen last night from the B. K. Ferguson farm, northwest of Wilcox, according to information received from Wilcox this afternoon. The sheriff said this afternoon he had received no report of the loss of the chickens.

The Weather

Partly overcast tonight and Sunday; continued cool tonight, warmer Sunday.

THE ONLY DAILY PAPER IN NODAWAY COUNTY

THE MELANCHOLY DAYS

Everybody kicks about the weather, but, as Mark Twain so sagely observed, nothing is ever done about it. Nothing, that is except to inflict upon the strangely submissive male sex the order to don straw hats on May 15, and to take 'em off on September 15.

The old thing that the salesman said would last a lifetime because it was a panama has gone through another season's hard campaigning. It has got flappy at the brim again, and there are stains upon it.

Along about the middle of July, the thing was such a public nuisance that the neighbors began to talk, and your wife sneaked it off one Saturday afternoon and had it cleaned and blocked for you.

But such operations work no permanent good. A straw hat loves dirt about as much as a small boy loves it. The day after it was cleaned it blew off, and the neighbors began talking again. This time you were adamant, or at least what you said sounded as if it were spelled something like that. You were going to wear that hat all season. So the goodly wife got out an evil-smelling bottle of straw hat cleaner, confiscated your tooth brush and gave the hat a going over.

So you forgot it. You forgot that the neighbors snickered when you passed by their porches of an evening. You forgot that when you hung your hat up in a public place other people snatched theirs from the hooks as if afraid you were going to attempt a switch. The leather band was just becoming set to your head, and the hat was comfortable.

Whiff! Off comes your hat! Not a plagued wind this time, but rule, custom, convention, tradition. You resolve firmly to wear your hat a day beyond that arbitrary date, September 15. But at the last minute your nerve fails, and you rush to a furnishings store, and they trot out 67 hats that you don't like, and you pick up the one you tried on first and buy it.

Pack away the panamas and the leghorns, the bankoks and sennets. The melancholy days are come, the saddest of the year. You are doomed to go once more through the process of breaking in a hat.

RAINFALL AND POLITICS.

We know that a stormy election day may result in a comparatively light vote. We know also that the "rain makers" of Africa and of savage tribes in general are politicians as well as priests. But we are apt to smile at the showing of an article in the American Political Science Review, entitled "Rainfall and the Populist Party in Nebraska," that the wrath expressing itself in the Farmers' Alliance and the populist party, as put in to votes, was strongest in the agricultural regions where there was the least rainfall. Obviously the political protest in those times, like that expressed more recently in "farm blocs," did not originate in the lack of rain per se, but in the unfulfilled promises of glib politicians.

Perhaps the chief trouble is that from time out of mind, in eloquently attributing good times to their party, politicians have virtually gone as far as to include plentiful rains and good crops in the blessings conferred. But for this, and its at least subconscious influence upon a large percentage of the voters, insufficient rains and poor crops would not send sounds of wrathful outcry all the way to Washington, causing politicians to tremble and hastily propose measures of relief. Naturally discontent among the voters is greatest in regions of insufficient rainfall, but Populism was due to unfulfilled political promises and the determination to secure new promises that had more chance of fulfillment.

Some written laws need unwriting, but more of them need enforcing.

A chemist prophesies synthetic beefsteak as a product of the future, to be made from cotton seed. But, even at that, we presume there will be more tough parts than tender in order to run true to form.

Willie Willis

STEWART'S WASHINGTON LETTER

By Charles P. Stewart
NEA Service Writer.

Washington—France's war in Morocco, with another one just starting in Syria, won't improve this country's prospects of arranging a satisfactory debt settlement.

It's beginning to become apparent that the Moroccan affair is of considerable size.

The Druses, who are in revolt in Syrja, are stubborn fighters, too.

Both these campaigns are expensive and undoubtedly will make the French feel poorer.

All the indications are that America's World War Foreign Debt Commission will stand pat in its conversations with Finance Minister Caillaux of France—that is it will insist on an agreement which appears to give the United States all she has coming.

In reality the figures are likely to be hocussed so as to make a good many concessions to the French, but it must be done so that nobody will know it except a few super-experts, like Secretaries Mellon and Hoover and Senator Smoot.

It must be done that way because the Administration doesn't believe American public opinion would approve undue leniency toward the French. But this won't suit Minister Caillaux, whose game is to make his people think they're getting more than they are.

The outlook doesn't favor harmony.

The beauty of the whole thing is that nobody on the inside in Washington expects America to get full payment on war loans except from England.

As for the rest—a little interest, perhaps, here and there, but nothing more.

The pending negotiations are for popular consumption.

Fifty Years Ago

(Taken from the Nodaway Democrat, Sept. 9, 1875).

Marve Hosmer has opened up an auction room on Main street in the building formerly occupied by Hosea Torrance.

An election will be held in this city on next Saturday to select two members of the board of trustees of the Maryville school district. Judge Bell and Fred D. Snyder are the retiring members.

Next Tuesday, the 14th inst., is election day, when the question as to whether hogs, sheep and goats shall be restrained at running at large, will be decided.

The following is the attendance in each of the departments of our public school last Monday and Tuesday, as given us by Prof. Embree: Principal's room, 50; Mr. Warren's, 50; Miss Walker's, 44; Miss West's, 43; Miss Jacques', 42; Miss Cannon's, 42; Miss May's, 75.

Our city fathers have very wisely concluded to purchase for the town of Maryville six street lamps, the lamps to be placed in position at central and prominent points in the town. This will make the navigation of our sidewalks much safer dark nights and our town council will receive the blessing of many a benighted pedestrian.

The fair association has let a contract for the erection of a floral hall, size 30x50 feet.

Important changes have recently taken place in the proprietorship of the Nodaway Valley Bank that deserves mention. Messrs. Stephenson, Waterman and Alexander have disposed of their interests to Theo L. Robinson, James B. Prather and J. O. Martin, who are now the sole stockholders and proprietors of this popular financial institution. Theo L. Robinson will still continue as cashier and we predict for the new management a prosperous career.

The Central Hotel of this city has changed proprietors, W. H. Turner, Sr., retiring and being succeeded by E. N. Hagan of Liberty. Mr. Hagan comes to our city highly recommended as a hotel man.

The picked nine beat the printers two to one in a game of baseball last Friday.

The fall session of the Maryville public school commenced last Monday with a good attendance of pupils. The principal of the school is Prof. William E. Coleman of Miami, Mo., formerly a teacher in the North Missouri Normal school. Prof. J. V. Embree is assistant principal; Ed L. Warson has charge of the second department; Miss Mary A. Walker of the third; Miss Lida A. West, fourth; Miss Hester Jacques, fifth; Miss Emma G. Cannon, sixth; Miss Belle O. May, seventh; M. S. Lane, teacher of school No. 2, and Miss Helen Rinehart school No. 3 (colored school).

TWENTY YEARS AGO.

The board of regents of the Fifth Normal School met in the assembly room of the Public Library Tuesday morning, September 12. The new members were sworn in by Atty. A. F. Harvey, notary public. A full attendance was present as follows: Judge W. D. Rusk, St. Joseph; Dr. A. H. Vandivert, Bethany; Atty. I. R. Williams, Savannah; W. F. Rankin, Tarkio; Dr. J. C. Tracy, Mound City; Supt. W. T. Carrington, Jefferson City; and C. J. Colden, Maryville. The following permanent organization was made: C. J. Colden, president; W. D. Rusk, vice president; George P. Shoptaugh, secretary; and S. G. Gillam, treasurer. The committee on Organization and Administration was authorized to recommend a president of the institution and to make arrangements necessary for the opening of a summer school in 1906 and report the same at next meeting. This committee is comprised as follows: Dr. J. C. Tracy, A. H. Vandivert, W. T. Carrington and C. J. Colden. The board has fixed no exact date for the opening of the school but hope to be ready to open next June with a summer school.

Col. Nat Sisson returned Monday from the National Encampment G. A. R. at Denver. He was on the staff of the commander-in-chief, having been appointed by the late commander, General Blackmar, the two having seen service together in the army of the Potomac.

Henry Williams announces that he has sold the Burlington Junction World to O. K. Herndon of Maryville.

The public schools opened Monday and the enrollment for the first day reached 855, the largest first day enrollment ever known in the history of the school. There are 170 enrolled in the high school and forty are non-resident pupils.

D. J. Howell left Tuesday evening for Lawrence, Kan., where he will enter the state university. He will pursue the law course.

Clifford R. Wilfley has gone to Boston, Mass., where he will take a course in mining engineering in the Institute of Technology.

Merrill Otis of Hopkins has gone to Columbia, Mo., to attend the state university. Homer Croy went to Columbia Monday, where he will attend the university.

The school board at its meeting Monday evening took under advisement football for the high school. Warren Thompson, Edward Williams and Ross Cox were the committee that went before the school board.

Dr. A. T. Fisher has moved his office from over Jennings' restaurant to the Maryville National Bank block.

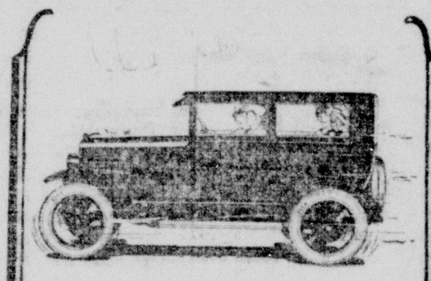
"The price must be cut to $595 but I want every one of these new features included!"

John N. Willys
President, Willys-Overland, Inc.

Such was the President's order. RESULT? A new-day automobile. A light-car classic. A *car-of-morrow* at a price unbelievable until *today*. A full-size 5-passenger Sedan, with sliding-gear transmission, for less than $600—for the first time in history!



$595 f. o. b. Toledo

Extra big doors
—extra wide, easy entrance and exit to both front and rear seats. Each door has four heavy hinges—treat them as rough as you like, they are built to stand punishment!

Wider front seats
—*the widest of any light car built!* New single-piece, *undivided front seat*, 39 inches wide, 19 inches deep.

Wider back seat
—45 inches wide, 18 inches deep. You know what such ample seating capacity means to the comfort and pleasure of your passengers.

Big, wide windows
more than 20 square feet of window space—all the air and all the broad, uninterrupted vision of a touring car with closed-car protection, closed-car snugness, closed-car warmth and comfort whenever you want it!

Latest one-piece windshield
—especially valuable in night-driving. Gives clear, unobstructed vision. More easily adjusted—you don't have to fuss with it. Adds greatly to the car's appearance. Easier to clean and to keep clean. You need this light-car feature and, in this extraordinary car value, *you get it!*

Here are the high-spots. Consider them. Check them, point for point, with any car you know that sells anywhere near this price range. Then ask yourself—"In what other light-car can I hope for anything even approximating this phenomenal $595 value?"

. . . a full-size, 5-passenger Sedan with room and to spare for 5 regular people to ride in . . . a smartly-designed car, clean-cut, rakish, low, *extraordinarily good-looking!* . . body finished in polished lacquer, rich deep blue with glistening jet-black trimmings, as handsome a light automobile as anybody ever looked at.

. . . *a 27-horsepower engine*, sturdy, fast, reliable, powerful. A noble hill-climber. A quieter engine because it has fewer working parts. 20-to-25 miles to the gallon, often more—light on oil—hundreds of Overland owners report as high as 15,000 miles without a dollar spent for engine up-keep!

Three-speed, selective sliding-gear transmission—at the lowest price ever available in a Sedan! *Borg and Beck disc-type clutch*—one of the finest clutches made and used in many of the highest priced cars in this country; *Auto-Lite* starting, lighting and ignition—again, standard big-car equipment; a rear axle system the equal in size and weight to that used in cars carrying double the weight of this one; *Axle shafts of Molybdenum steel*, the toughest steel known. In the entire three years in which Overland has used this axle system there is *no case on record where an axle shaft has ever been broken!*

Chassis—a strong, rigid frame with plenty of bracing; *springs* of Chrome Vanadium steel, the finest and strongest spring steel known to engineering—in this new-day car every leaf in each spring is genuine Chrome Vanadium, exactly the same material you will find in the world's finest automobiles!

Compare this $595 Overland masterpiece with any other light-car on today's market. We challenge any owner in America to point out wherein it can be duplicated for *quality* or for up-to-the-minute equipment, or for dollar-for-dollar value.

Step in and see this car. Stand beside it, note the *beauty* of it. Examine it from stem to stern—observe the *completeness* of it. Ride in it—know the *comfort* of it. Drive it yourself—feel the *ease* of it, the *power* in it.

Easy Terms. Only a small amount down. 52 weeks for the balance. Trade in your present car as part payment.

Standard OVERLAND *Sedan*

Society

Get Acquainted Tea.

The arts and crafts department of the Twentieth Century Club will open its season with a get acquainted tea next Monday afternoon at the Elks Club. There will be an exhibit of old-fashioned handwork.

Tourist Department.

The tourist department of the Twentieth Century Club will hold its first fall meeting at 2:30 o'clock next Tuesday afternoon at the home of Mrs. F. L. Curfman on West Second street. Miss Mattie Dykes of the College faculty will speak on "Quaint Old English Towns I Have Visited." Members of the club are invited.

White Cloud Club.

A social meeting of the White Cloud Club was held Thursday afternoon at the home of Mrs. W. D. Hoshor. Refreshments of watermelon and peaches were served. These members were present: Mrs. J. B. Clements, Mrs. Charles Rice, Mrs. Eva Stock, Mrs. John Snowden, Mrs. Will Brackin, Mrs. Mary Brackin, Miss Dollie Clements and Miss Esther Hilsenbeck. The club will be entertained September 24, at the home of Mrs. J. B. Clements.

Independence Industrial Club.

The Independence Industrial Club met Wednesday afternoon at the home of Mrs. Lorena Gray. Mrs. Nellie McDonald, Mrs. Arda Crawford and Mrs. Paul Gregory were guests, and the members and children present were Mrs. Anna Gregory, Mrs. Linnie Kellogg, Mrs. Bess Gray, Mrs. Lizzie Hess, Mrs. Myrtle Reynolds, Mrs. Julia Gray, Mrs. Eunice Thomas, Junior Hess, Delaine Gray, Carroll Wallace, and the hostess. Blocks were pieced for a club quilt. The refreshments of ice cream and cake were carried out in yellow and white. The next meeting will be September 23 with Mrs. Harry Holmes.

Class Elects Officers.

The Wesleyan Bible Class of the First Methodist Church held its last meeting of the church year last night at the home of Mrs. H. E. Wright on South Main street. The assisting hostesses were Mrs. C. E. Stilwell and Mrs. E. R. Miller. The annual reports were given and the following officers elected for the ensuing year: President, Mrs. T. B. Mumma; Vice-President, Mrs. G. E. Brumbaugh; Secretary-Treasurer, Mrs. F. A. McKee. Refreshments of doughnuts, pickles and coffee were served during the social hour. Guests at the meeting were Mrs. N. J. Walbridge, Mrs. H. L. Hunt of St. Joseph, a guest of the J. B. Matteson, and Miss Lucile Wright. Besides the three hostesses, the following members were present: Mrs. W. W. Stanfield, Mrs. T. B. Mumma, Mrs. J. W. Herndon, Mrs. Howard Wray, Mrs. L. G. Somerville, Mrs. G. E. Brumbaugh, Mrs. S. J. Donahue, Mrs. Retta Nichols, Mrs. F. A. McKee, Mrs. Guy Haller and Miss Emma Hull.

Successful Club.

The Skidmore Successful Club was entertained Thursday afternoon at the home of Mrs. Ethel Turpin. Roll call responses were quotations from American authors. The following program was given: Reading, "Jemima's Courtship," Mrs. Neva Money; magazine article, "Clubs That Filled a Need," Mrs. Viva Adams; and two piano selections, Mrs. Nellie Caywood. Mrs. Fannie Peter, Mrs. Susie Peter and Mrs. Phoebe Linville will have charge of the entertainment at the next meeting. Refreshments were served by the hostess, assisted by Mrs. Neva Money. The members present were Mrs. Neva Money, Mrs. Mary Pfeiffer, Mrs. Phoebe Linville, Mrs. Gertrude Mitchell, Mrs. Fannie Peter, Mrs. Lucile Peter, Mrs. Nellie Caywood, Mrs. Mary Linville, Mrs. Viva Adams, Mrs. Lena Pfeiffer, Mrs. Leona Linville and son, Floyd, and the hostess. Miss Helen Peter was a guest of the club. Mrs. Lucile Peter will be hostess at the next meeting October 8. Roll call will be answered by ghost stories.

Industrial Art Club.

The Mt. Pleasant Industrial Art Club held its annual election of officers Thursday afternoon at the regular meeting at the home of Mrs. E. E. Hunt. Mrs. Loren Hackett was elected president of the club; Mrs. Lowell Gray, vice-president; Mrs. Berley Gray, secretary and treasurer; and Mrs. Joe Farrar, reporter. The hostess served lunch at the close of the meeting. Those present were Mrs. Lowell Gray and daughter Lota Marie, Mrs. Harley Cassel, Mrs. Floyd Alexander, Mrs. Berley Gray, Mrs. Will Hanna, Mrs. Loren Hackett, Mrs. George Hantz and her mother, Mrs. N. T. Horubuckle, Mrs. Joe Farrar and the hostess. Mrs. Glen Jones, a former member, will be hostess at an all-day meeting September 24 at her home, south of Maryville. Roll call will be responded to with "social customs that are neglected by the younger generation."

Pyramid Tea.

A pyramid tea will be given at 7:30 o'clock Monday evening in the basement of the First Methodist Church. The affair is the last of a series of teas which has been given during the year. A musical program has been arranged and refreshments will be served. Everyone is invited.

Ancient Fundamentalism

Is there any one so senseless as to believe that there are men whose footsteps are higher than their heads? Or that the things which with us are in a recumbent position with them hang in an inverted direction? that the crops and trees grow downwards? that the rains and snow, and hail fall upwards to the earth? And does anyone wonder the hanging gardens are mentioned among the seven wonders of the world when philosophers make hanging fields, and seas, and cities, and mountains? I am at a loss what to say respecting those who, when they have once erred, consistently persevere in their folly, and defend one vain thing by another.—Lactantius (Fourth Century).

Nicotine in Tobacco

Nicotine is a colorless, intensely poisonous liquid. If exposed to the air, it absorbs oxygen and becomes brown and ultimately solid. The quantity of nicotine contained in tobacco varies from two to eight per cent, the coarser kinds containing the larger quantity, while the best Havana cigars seldom contain more than two per cent, and often less. Nicotine does not appear in tobacco smoke. It is split into pyridine and collodine. Of these, the latter is said to be the less active and to preponderate in cigar smoke, while the smoke from pipes contains a larger amount of pyridine.

Reminded

"The storm burst upon us so suddenly and violently that we had no warning of its approach," said the tornado victim, relating his experiences to a friend. "In an instant the house was demolished and scattered to the four winds. How I escaped being torn to pieces, I do not know! We—"

"G—good gracious!" said Mr. Meeke, jumping to his feet. "That reminds me! I—I almost forgot to post a letter for my wife!"

Fastest Stenog

Martin J. Duprau, a New York youth of 19, won the world's championship speed test for shorthand reporters at Omaha. He upset all the predictions by defeating the veteran, Charles L. Swem, stenographer to President Wilson during the war. Duprau set a new record by taking 276 words a minute. The old mark was 254 words.

Puzzles Did It

On money he obtained from selling original crossword puzzles to newspapers, Harvey Stigler is taking a "vacation" from the Oklahoma penitentiary. His ability in devising the puzzles so won the confidence of Governor Trapp that he granted him a 30-day parole. Stigler hasn't been seen since.

Train Robbers Get Less Than $200

Minneapolis, Sept. 12.—Two masked bandits held up the Mountaineer, the Soo line's crack train, near Minot, N. D., today. They escaped with less than $200.

Asks Virginians to Pray for Rainfall

Richmond, Va., Sept. 12.—Governor Trinkale today appealed to the people of Virginia to attend church tomorrow and pray for rain which is sorely needed throughout the state.

Wallace Funeral Will Be Tomorrow

Funeral services for Robert A. Wallace, who died Thursday night at the home of his daughter, Mrs. George E. Brown, west of Maryville, will be held at 2:30 o'clock tomorrow afternoon at the Price Funeral Chapel. The Rev. Guy L. Prather of the Baptist Church will officiate. Burial will be in Miriam cemetery.

Hoosier Homes Rejoice When Seaplane Found

Indianapolis, Ind., Sept. 12.—Word of the finding of the crew of the missing seaplane PN-9 No. 1, in Hawaiian waters brought rejoicing today to three Hoosier homes.

Mrs. William Bowlin, grandmother of William Bowlin, a machinists' mate on the plane, was almost overcome when informed at her home here that Bowlin was safe.

"I had given him up for dead," she said. "I never expected to see him again. It sounds too good to be true."

Mrs. E. E. Orr, an aunt of Bowlin, lives at Richmond, Ind.

"I'm almost afraid to believe it," Mrs. Orr explained. "We had abandoned hope and were expecting at any time to receive word that he was dead.

The wife and 5-year-old son of Otis Stantz, radio operator of the PN-9 No. 1, were notified at the home of her parents in Terra Haute.

TELLS STORY OF AIR VOYAGE

COMMANDER RODGERS WRITES OF FLIGHT.

WINDS FAIL THEM

Aviators Hoped To Refuel And Go on Radio Instruments Out With. Gas Supply.

(By Commander John Rodgers).

Honolulu, Sept. 12.—For the benefit of the interested public, I desire to make at this time a definite statement of facts in regard to the voyage of the PN-9 No. 1, from San Francisco to Nawiliwili.

The PN-9 No. 1 and No. 3 left San Francisco approximately at the same time August 31, No. 3 leading by about twenty minutes. The PN-9 No. 3 was not sighted by No. 1 after departure. Plane PN-9 No. 1 proceeded as per instructions, sailing on a straight course to Kahului.

Favorable Winds Failed Them.

The wind out of San Francisco was very light from the northwest, gradually hauling to the north. The navigation was done entirely by dead reckoning, no attention being paid to radio bearings. We flew between two and four hundred feet below the clouds during the night, the sky being thickly overcast and all destroyers were picked up as expected at a distance easily visible from the PN-9 while at the same time the plane was easily visible from the destroyers.

The engines worked perfectly and there were no signs of leaks or any other trouble. The wind changed to northeast, as expected, about six hundred miles from San Francisco, but was much lighter than had been hoped for. In the morning it became evident that the gasoline supply was running short and it would be doubtful if we could reach Kahului due to the fact that expected favorable winds were not encountered. About noon we decided that our gasoline supply would carry us about midway between the Aroostook and the Tangier, respectively, the next to the last and the last station ship. I, therefore, decided to land at the Aroostook which is a fully equipped airplane tender.

Hoped to Refuel And Go On.

We still had plenty of gasoline to land, refuel and take off again for Honolulu. This was in accordance with the pre-arranged plans to meet the situation with which we were faced on approaching the Aroostook. We received radio bearings from her, indicating that we were south of her, and on reaching a point where I thought she should be visible and not being able to see her, we changed our course to approach on these bearings. It became evident that she would not be found on this course. I started to write a message which would give her some clue to our whereabouts but just then the gasoline gave out. Both engines were cut out simultaneously and we started to glide from about eight hundred feet.

Radio Out With the Gas.

Lieutenant Connell, who had the controls, made a beautiful landing in the heavy swells, both engines being dead, having no power. Due to total expenditure of gasoline we could not use radio and were, therefore, out of communication at twilight. I determined our position to be fifty miles north of Aroostook's station. We rigged a radio antenna on the plane and received, with out much difficulty, everything that was in the air.

We sailed before the wind, endeavoring to work the plane in toward the Hawaiian islands, hoping to make Oahu. We made fifty miles a day. That is an average of two miles an hour, although the plane appeared to be making much better speed.

We cut the fabric from the lower wing and rigged a foresail. Weather conditions were moderate, although during the afternoon the seas were high. The plane at all times behaved very well. After the first day we felt sure that unless the weather changed very much for the worse, we could make Oahu or, failing that, we would certainly be able to make Kauai. Our only concern was a question of water supply. We knew we could get along without food, of which we had small emergency rations. We were depending on a small water still for water.

Mrs. H. W. Hall Dies in St. Joseph Hospital

Conception Junction Woman Succumbs Following Fourth Operation Had Been Ill Long Time.

Mrs. H. W. Hall of Conception Junction died at 7 o'clock yesterday morning at the Missouri Methodist Hospital in St. Joseph. She had been ill for a number of years and Thursday morning underwent her fourth operation. Funeral services and burial will probably take place at Whitesville, tomorrow.

She was 62 years old. Surviving are her husband, a sister, Mrs. John Walsh of Conception Junction, and three brothers, Ira Yates, Ottumwa, Ia., F. M. Yates, St. Joseph, and L. S. Yates, Omaha.

Personals

Miss Opal Calvert of Bolckow is the guest of Miss Eudora McDonald.

Mrs. J. Scott and daughters of Mound City were in Maryville today.

J. C. Wilson of Clearmont was a Maryville visitor today.

George Knobbs, his son, Will, and daughter, Fannie, of Guilford were Maryville visitors yesterday.

Andy King of Pickering spent today in Maryville.

Mrs. Edward W. Gray, who has been ill at St. Francis Hospital for two weeks, is improving.

Mr. and Mrs. S. M. Stanley returned last night from a several days visit in Athany.

The Rev. E. W. Croy of Pickering was a visitor in Maryville today.

Miss Hilda Denny, who underwent a serious nose operation at St. Francis Hospital Monday morning, is doing as well as could be expected.

Mrs. Reuben Hall and little son went to Bedison today for a week-end visit with the former's parents, Mr. and Mrs. E. S. Fannon.

Mrs. Darius Hughes of Stanberry returned home this morning after a visit at the home of her daughter, Mrs. O. A. Hilsenbeck.

Mr. and Mrs. Henry McCombs of Wilcox returned last evening from a ten day's visit with relatives in Sioux City, Iowa.

A. R. Martin shipped a load of hogs to St. Joseph today. The shipment consisted of seventy three head which averaged 263 pounds.

Mr. and Mrs. Ralph V. Lovett and daughter, Corrine, motored here from St. Joseph, Wednesday to spend the day with their cousin, Miss Lida Onstott, 403 S. Main street.

Mrs. William Armstrong, accompanied by her daughter, Dr. Margaret Armstrong of Ann Arbor, Mich., went to St. Joseph today to visit her daughter, Mrs. J. Arthur Dillinger, and family.

Miss Lillian James, who has been spending the summer with her parents, Dr. and Mrs. C. C. James, went to St. Joseph this morning to resume her work in the Lafayette High School. Miss Marie Landfather also left this morning to assume her new duties as an instructor in the St. Joseph schools.

Marion Gile, meter man for the Maryville Electric Light and Power Company will go to Ames, Ia., tomorrow where he will attend a short course for electric meter men next week.

Returns from Wisconsin

Mrs. N. J. Walbridge returned yesterday from Whitewater, Wis., where she has been visiting her daughter, Mrs. Earl Cox, and family, for two months.

Robert Raymond Lyle

Mr. and Mrs. Chester Lyle announce the birth of a son yesterday afternoon at St. Francis Hospital. The baby has been named Robert Raymond. Mrs. Lyle was formerly Miss Mildred Nicholas.

Mrs. A. C. DeWeese Dies.

Mrs. A. C. DeWeese of St. Joseph, a sister of Mrs. Viola Crandell of Arkoe, died at 3:30 o'clock Thursday afternoon at a St. Joseph hospital. The body was taken to Cameron, Mo., for burial. Mrs. DeWeese also leaves her husband and another sister, Mrs. Mildred Cline of Weston, Mo. She was 30 years old.

Miss Buckland Here.

Miss Grace Buckland of Springfield, Mass., came Wednesday to visit her grandparents, Mr. and Mrs. J. W. Ray. She is en route home from a visit with her uncle, Lawrence W. Ray, and family, at Oregon City, Ore., and her aunt, Mrs. Alice Sullivan, and family, at Rupert, Idaho. She will visit here until October 15.

Ed Taylor Defendant in Attachment Suit

An attachment suit was filed in circuit court today for the October term by Dr. H. S. Rowlett against Ed Taylor, the petition stating that for services rendered the defendant is indebted to the plaintiff for $115.

What Jerry Says

We now have women doctors,
And women lawyers too.
There isn't many soft jobs left,
For you and I to do.
They're after all the offices;
Until "by heck" it looks—
Like we'd have to send to Europe,
For dish washers and our cooks.

OTHER THRILLING RESCUES RECALLED

(By United Press)

Rescue of the PN-9 1 recalls other thrilling rescues of sea airmen believed lost at sea.

Harry Hawker, English airman, was forced to descend at sea while attempting a non-stop flight from Newfoundland to Ireland. He was picked up by the Steamer, Mod, unequipped with wireless, and for days the world believed him lost until the Mod put into a Scotch port.

The NC-1, United States naval seaplane, was forced down off the Azores in attempting a transcontinental flight, but came into port soon under her own power.

Lieut. Leight Wade, world flyer, was forced to descend at sea off the Faroe Islands, north of Scotland. He was picked up by a Bristol trawler after being adrift several hours.

Antonio Locatelli, Italian, who accomplised the United States round the world flyers on their hop to Greenland, descended on the sea off Cape Faewell, Greenland. It was three days before Locatelli and the three members of his crew were picked up by the U. S. S. Richmond, but the Italian had suffered little except from exhaustion.

Young People Are Invited to Meetings

All New College Students And Others Issued Cordial Invitation By Church Societies.

"Attend Young People's Meeting." That is the slogan for Maryville's Young People's Societies. All new College students and others who do not attend regularly are invited to be present at one of the union's meetings tomorrow evening at 7 o'clock.

The following is the program for the different societies:

B. Y. P. U.

Subject—"The True Vine."
Leader—Beatrice Puckett.
Solo—Alyce Allen.
Open discussion every fourth Sunday.

Epworth League, First M. E. Church.

Subject—"Abiding Inspiration."
Leader—Ruth Hughes.
Violin Solo—Audrey Stiwalt.

Christian Endeavor.

Subject—"The Harvest of Our Lives What Shall it Be?"
Leader—Zelma C. Neal.
Solo—Mrs. R. E. Snodgrass.
Talks—Hazel Hawkins, Sylvia Moore, Myrle Lyle.

Epworth League, M. E. Church, South.

Subject—"Echo of State Institute."
Leader—Merea Williams.
Last week an institute was held in St. Joseph and reports of the meeting will be given

Everyone is welcome at any of these services.

TOM SIMS SAYS

The world's largest diamond is worth $100,000. But a small one may be valued more highly.

Women take better care of their hands than men, the only exception being their poker hands.

In New Jersey, a man claims a ghost chased him. Ghosts should know better than to run in this hot weather.

A perfect gentleman is one who knows exactly when to kiss a lady.

A friend said we must wait a few minutes. Said the bootlegger wanted to let the stuff age.

COUNTY AGAIN LEADS ASSN.

72.02 PER CENT TEACHERS ENROLLED DISTRICT ASSOCIATION.

DEKALB COUNTY 2ND.

County Superintendent Expects Nodaway County To Have 100 Per Cent Enrollment.

Nodaway County leads all of the nineteen counties of Northwest Missouri in number of teachers that are enrolled in the Northwest Missouri Teachers' Association, Maryville district, and also in the percentage of the teachers of the county that are enrolled, according to latest figures available, Leslie G. Somerville, county superintendent of schools announced today.

There are 286 teachers in the county and out of this number 206 are enrolled in the district Teachers' Association, or a percentage of 72.02, with DeKalb County second with eighty-nine out of 125 teachers, a per centage of 71.2. Mr. Somerville said this afternoon that these are the latest figures sent out by E. M. Carter, state secretary of the association, which puts Nodaway County in the lead. He also stated that Nodaway County's enrollment will reach the 100 per cent mark within the next week, the inclement weather of the past few days and the impassable condition of some of the roads making it impossible to reach all of the teachers of the county. Last year Nodaway County had an enrollment of 104 per cent in the district Teachers' Association, which was made possible by the fact that several of the county officers, not teachers, enrolled in the association.

The following figures of Mr. Carter's shows how the nineteen counties of the district rank as to enrollment in the Teachers' Association:

Rank of Counties in enrollment in Northwest Missouri Teachers' Association—Maryville District, September 12, 1925:

Rank		No. Teachers	No. Enrolled	Pct.
1.	Nodaway	286	206	72.02
2.	Dekalb	125	89	71.20
3.	Worth	87	60	68.96

Four Knepper Sisters Visit Their Brothers

J. W. Knepper of Tarkio and George Knepper, on the old homestead, west of Skidmore, have had as their guests the last week or two their four sisters, Mrs. G. L. Rolsfron of Lincoln, Neb., returned home Monday. Miss Gertrude Knepper, professor of home economics at the State Polytechnic Institute, Louisiana, left to begin her work last Saturday. Miss Ida M. Knepper, professor of mathematics at Whitworth College, Brookhaven, Miss., and Miss Myrtle Knepper, professor of mathematics for many years at the State Teachers College, Cape Girardeau, Mo., left for their respective fields of labor this week. The four sisters returned from Rocky Mountain National Park two weeks ago, having driven from southeastern Missouri. Miss Ida M. Knepper formerly taught in the Maryville public schools and is a former principal of the Parnell, Graham and Clearmont schools.

Four Flyers Ate Sparingly to Eat Anything at All

San Francisco, Sept. 12.—Commander John Rodgers and his four comrades, who drifted for ten days on the Pacific, had to cinch up their belts and eat sparingly to have anything at all.

They took regular rations for six light meals. Per man they consisted of eighteen sandwiches, three pints of coffee, three pints of soup, twenty-four lumps of sugar, four canteens of water.

Emergency rations included thirty gallons of water, canned beans, hard tack, dry bread and prepared chocolate, all in small quantities. At most the emergency food was not supposed to last over three days.

New Sweater For Young Men

They have the style punch that young men demand. Plenty of color, new patterns in Coats, Pullovers and Vests. They are good through and through and just the thing for these cool fall days.

BODIES OF BEAUTY AND LUXURY

The DeLuxe Sedan

Four doors. A smart streamline body belted at the waist by a custom designed beading. Peacock blue below the belt, dust-proof grey above. Nickeled radiator. Heavy crown fenders. Richly upholstered in Baker Velour. A motor car in which quality is vastly higher than price.

The Standard Sedan

Exceptionally wide doors allow easy access to rear compartment. The same smart beading at the waistline as on the DeLuxe Sedan. Heavy crown fenders; and Fisk balloon tires. Finished in rich blue and black Duco, as durable as it is beautiful. The outstanding value of the year!

RULES

All want ads must be in by 12:30 o'clock on day of insertion.

Count the words of your ad, including the one or two words necessary for the indexing of your ad, and count each initial and each number or combination of figures as one word.

Misclassification is not permitted.

All advertisements are subject to the publisher's approval.

Always ask that your telephone ad be read back to you by the want ad taker to make sure that it has been taken correctly.

Want ad users should read their advertisements when they first appear and report any errors at once, as no allowance will be made for errors or misclassifications after the first day.

All orders from outside of Maryville must be accompanied by cash.

For further information, contract rates on Want Ads, etc., address The Advertising Department, The Democrat-Forum and Tribune, Maryville, Missouri.

LEGAL NOTICES—18

(Sept. 7, 8, 9, 10, 11, 12, 14.)

NOTICE TO CONTRACTORS.

Sealed bids will be received by the City of Maryville, at the office of the City Clerk, at the City Hall in said City, until two o'clock P. M., September 16th, 1925, for grading, paving, curbing and otherwise improving the following described streets in the City of Maryville, Missouri.

Walnut Street from a point five feet South of the North line of Seventh Street North to the Wabash Railroad Right of way, as provided by Ordinance Number 1064 of said City; estimated quantities, 1985 Sq. Yards of 7 inch Reinforced Concrete Paving, 970 Cu. Yards Earth Excavation and 1640 Lin. Feet of 5 inch Integral Concrete Curbing.

Also Fifth Street from the Wabash Railroad Right of Way to the center line of Mulberry Street, as provided by Ordinance Number 1063 of said City, estimated quantities, 2100 Sq. Yards of 7 inch Reinforced Concrete Paving, 510 Cu. Yards Earth Excavation and 1410 Lin. Feet of 5 inch Integral Concrete Curbing.

Proposals must be made on blanks in the form provided by the City Clerk.

Certified check for five per cent of the amount of bid must accompany proposal, to be forfeited to City if bid shall be accepted and contractor fails to enter into contract and give bond as required.

The City reserves the right to reject any and all bids without cause.

Separate bids must be made for the work on each street.

MERLE C. SMITH,
City Clerk.

(Sept. 11, 12, 14, 15, 16, 17, and 18)

NOTICE TO CONTRACTORS

Sealed Proposals, addressed to The Maryville Cemetery Roads Improvement Committee, Maryville, Missouri, and endorsed "Proposal for constructing (or improving) The Maryville South Cemetery Road, will be received by the Cemetery Road Improvement Committee until 10 o'clock a. m., on the 19th day of September, 1925, at the office of the Committee in the Real Estate Bank at Maryville, and at that time will be publicly opened and read at that place.

The proposed work includes:

Sub-grading and constructing a gravel pavement 18 feet wide and 6 square yards of Grouted riprap, together with any incidental work on the Maryville South Cemetery Road. The total length of the improvement being 3,440 feet. (Width of pavement to vary as shown on plans.)

Plans and specifications are on file and may be inspected at the office of the Cemetery Roads Improvement Committee, of Maryville, Missouri, or at the office of the Highway Engineer, in the Court House, Maryville, Missouri.

A set of plans and specifications may be obtained from the undersigned upon deposit of two dollars ($2.00), which amount will be refunded if both plans and specifications are returned in good condition within four days after the date of receipt of same.

Proposals shall be submitted upon blank forms provided for the purpose by the undersigned, and shall be accompanied by a certified check made payable to the Maryville Cemetery Road Improvement Committee for five per cent (5%) of the amount of the bid. A proposal bond cannot be accepted in lieu of a certified check, and a bid when accompanied by a proposal bond will be automatically rejected.

Payments will be made on monthly estimates, but should not be expected prior to the middle of the month for the estimate of the preceding month.

This work to be completed by November 1, 1925.

The right is reserved by the Cemetery Road Improvement Committee to reject any or all bids.

THE MARYVILLE CEMETERY ROAD IMPROVEMENT COMMITTEE
Maryville, Mo.

No Trouble for Kiel to Talk to the Mayor

St. Louis, Sept. 12.—Former Mayor Kiel called up the mayor's office yesterday.

"Is this the mayor's office?" Kiel asked. The clerk who answered the phone said it was.

"Well, the guy that used to be there wants to talk to the guy that's there now."

The call was switched to Mayor Miller's private office.

Closing Grain Review.

Chicago, Sept. 12.—Grains finished lower on the Board of Trade today.

Wheat appeared in control of traders under the impression that the market should receive its best support around present levels. As a result, price fluctuations were held within fractional limits.

Nearby corn had a strong undertone throughout. Light movement together with moderate feeder demands held the price comparatively steady.

Oats trade was limited.

Buying by cash houses strengthened provisions.

CAGE GAMES SCHEDULED

80 GAMES ARRANGED IN COUNTY OUTDOOR LEAGUE.

TOURNEY ON NOV. 7

To Be Held at High School gymnasium —Championships Awarded at This Time.

A total of eighty games have been arranged for thirteen high school teams of the county, members of the Nodaway County Outdoor Basketball League, by the scheduling committee, comprised of J. N. Geyer, Pickering; A. M. Burch, Parnell; and V. G. Robertson, Quitman, the schedule being received today by the president of the League, Leslie G. Somerville, county superintendent of schools.

The committee was appointed from the representatives of the different high schools that are members of the League, at a meeting held last Saturday, and devoted time necessary this week to outline a schedule for all the members of the League so that no conflicts would arise and that the teams scheduled for games would be geographically accessable to each other in the county.

The schedule is arranged for both boys and girls teams, with the exceptions of the Conception Junction and Harmony high schools that do not have girls teams. The committee announced today that it had decided on Saturday, November 7, as the date for the annual tournament for the members of the Outdoor Basketball League, to be held at the Maryville High School gymnasium. At this time championships are awarded to the winning boys and girls teams.

The first games to be played by the high school teams of this League is on Friday, September 18, with the exception of Clearmont. On account of the fact that it is yet a little uncertain whether Clearmont will enter teams in the schedule of games, Clearmont's first game was set for September 25, and only four games placed on her schedule. Also because of the odd number of schools that will enter teams this year, it was impossible to schedule the same number of games for each member of te league.

Quitman will play games, three at home and three away; Pickering will play six games, three on foreign fields and three games on the home court; Parnell will play eight games, the games being split, four on home court and four abroad; Guilford will play six games; Elmo six games; Burlington Junction six games; Skidmore six games; Barnard seven games, three at home and four on foreign courts; Ravenwood seven games, four at home and three away from home; Conception six games; Harmony six games; Graham six games.

The complete schedule follows:

Quitman.

Elmo at Quitman, Sept. 18.
Quitman at Clearmont, Sept. 25.

N. Y. U. Coach

Here's Chick Meehan, coach of the New York University football team. He now has his squad out prepping up for a strenuous campaign. Prospects are reported quite rosy at the institution, hence the rather happy look the mentor's flashing.

13 Letter Men to Report at Drake This Year

Des Moines, Ia., Sept. 12.—With five important gaps left in the line-up because of the graduation of star veterans, Coach Ossie Solen faces a real problem in getting Drake football eleven ready for the opening contest October 3.

Present indications are that thirteen men wearing a Drake letter will report for the first practice. A large number of men will be in the squad, but veterans are lacking. No experienced men will be out for the quarterback or fullback positions.

The line stacks up better than the backfield. Captain Eldred Don Carlos will be back at his old position as the center while Ralph Amend will also be back to fill in there in case of an emergency. Three veterans will be numbered among the guard tryouts, two for tackles, two for ends and four half backs.

While there is a wealth of material out for the forward positions, there is a lack in the generalship berth and Coach Solen will be forced to exert himself to fill this gap adequately. With only three weeks of official practice to do this, he is confronted with a puzzling question. It is believed he will take one of the half back aspirants and train him for the signal calling post.

Drake is the proud possessor of a new $230,000 stadium and hopes to baptise it with the blood of the Kansas Aggies October 10. Nebraska will be the next on the list of the home games and Ames will complete the last Bulldog game on local grounds.

Seven contests are booked against valley teams, one with Grinnell and another with the Dallas, Texas Methodists fills the bill for the Bulldogs. One open date is at present on the schedule but will be filled later.

The schedule:

October 3.—Washington at St. Louis.
October 10.—Kansas Aggies at Des Moines.
October 17—Oklahoma at Norman.
October 24—Grinnell at Grinnell.
October 31—Kansas at Lawrence.
November 7.—Nebraska at Des Moines.
November 14.—Open.
November 21—Ames at Des Moines.
November 26—Southern Methodist University at Dallas.

Bet He Doesn't Do the Same With Customers

St. Louis, Sept. 12.—Louis Finkelstein believes he has an hypnotic eye.

Two bandits held him up and demanded money. Finkelstein's face was non expressive but his eyes looked steadily into those of the bandit leader.

In a few minutes the two bandits turned and fled.

Overland Announces $60 Cut on Sedans

A $60 reduction on the Overland standard sedan is announced by the Willys-Overland, according to John Sewell this morning, which brings the price of the full-sized sedan to the lowest figure ever made on a full-sized sedan with sliding gear transmission. This cut of $60 brings the price down to $595. The reduction follows on the heels of a general price slashing last month which affected every Willys-Overland model.

With the announcement there are several features which have been added to the standard sedan. The latest in one-piece windshields is now standard equipment, also wider and deeper seats and cushions. Long narrow windows give maximum of vision and ventilation while the specially folding front seat backs permits free access to the rear seat. The radiator and head lamp rims are now available on all Overland sedans in nickel finish. Mr. Sewell said today that a carload of these sedans is en route to Maryville and should arrive soon.

Southeast Missourian Opens $200,000 Plant

Cape Girardeau Home of Most Modern and Elaborate Small City Newspaper Plants in Country.

Cape Girardeau, Mo., Sept. 12.—One of the most modern and elaborate small city newspaper plants in the country was opened for public inspection here Friday—the plant of the Cape Girardeau Southeast Missourian.

Besides being a modern newspaper plant it couples with that a daring form of architecture, entirely different from that used by most newspapers. The building is of Spanish design.

The new building is two stories in height, has a frontage of 175 feet and is 113 feet deep. It cost approximately $200,000.

The building is of reinforced concrete walls—some of colored materials—and of a Mexican mission roof. There is an 80 foot tower looming up above the building.

The first floor of the new building is to be used entirely by the various interests of the newspaper including the job printing and stationery department and the Southeast Missourian, the daily newspaper. The second floor will be rented as office rooms.

The construction of the plant is another stride forward in the newspaper history of Cape Girardeau being written by George and Fred Naeter, owners and publishers of the paper. The building out of which they moved, is a modern news plant but the Naeter brothers did not consider it sufficiently large to care for the growth of their paper.

Cape Girardeau townspeople marvel in and speak pridefully of their new newspaper home. As evidence of this is the fact that the formal opening of the plant was turned into a two days holiday-festival by the business men, and all the civic organizations had a part in welcoming the visiting editors.

Mrs. Jack Wagers and children of Brush, Colo. are visiting at the home of Mrs. Wagers' mother, Mrs. John Bookman, on East Third street.

ELECTRIC THEATRE

Matinee 3:00—Night 7:30 and 9:00. Adm. 10c and 30c.

TONIGHT ONLY—MADGE BELLAMY and JAMES KIRKWOOD in "SECRETS OF THE NIGHT." Also a two reel western, JACK PERRIN in "THE KNOCKOUT MAN."

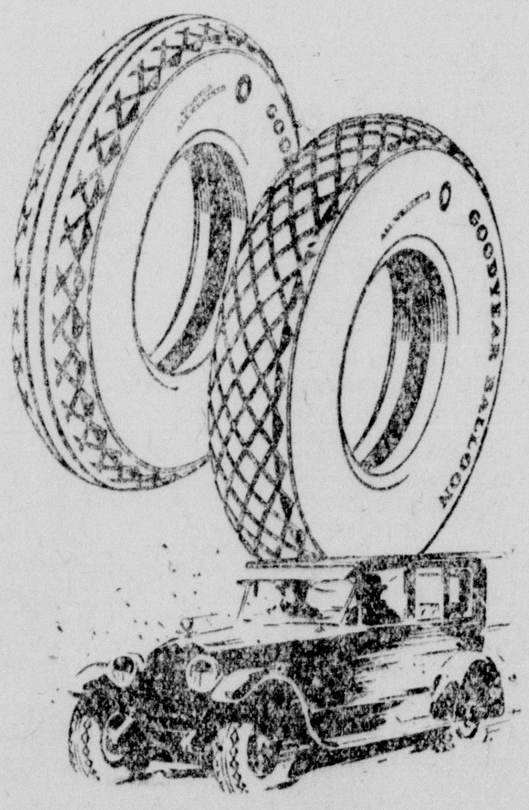
MONDAY AND TUESDAY, SEPT. 14th and 15th—

STRONGHEART

the dog with the brain of a man! The wonder dog of the ages in

"WHITE FANG"

Jack London's immortal epic of Alaskan snows. Also Monday, a comedy, "SAHARA BLUES."



Why We Say "Buy Goodyears Now"

Goodyear quality is at the peak—never so high as it is today!

Goodyear prices are low—in many cases, way down below the prices asked for ordinary tires.

We think this is every tire-buyer's opportunity.

So we say, "Buy Goodyears now!"

"—a performance record positively unique in America's motor car annals" . . . . . now emphasized by

tremendously reduced prices

PEOPLE BUY THIS CAR, first and foremost, because of its 100% performance-rating—on the basis of what it has *done* and *is doing*, daily, in the hands of more than 200,000 serenely satisfied owners . . . In the most drastic public and private tests to which any automobile has ever been subjected, the Willys-Knight has come through absolutely clean—one of the few cars that, in 10 years' time, has never once had a single black-mark registered against it!

PEOPLE BUY THIS CAR because of the unique engine-principle it has promulgated—"an engine you'll never wear out." The patented Knight sleeve-valve motor, pioneered by the Willys-Knight, has established a new and advanced standard of practice in automotive construction. For here is a power-plant that actually and visibly *improves* with use—*improves* in horsepower, *improves* in fuel efficiency, *improves* in smooth and silent running . . . Good at your first 5,000 miles, better still at 50,000—at 100,000-and-over, your Willys-Knight achives its prime—it is then a more powerful, quieter and more efficiently engined car than the day you bought it!

PEOPLE BUY THIS CAR because it needs less attention, less adjustment than any other. 25,000 miles, with not a dollar spent for engine repairs, is an every-day Willys-Knight story. And many's the Willys-Knight has been driven double that distance with never a wrench or a tool to touch it!

PEOPLE BUY THIS CAR because it gives them exactly the same type of engine they find in the most costly European-built automobiles—Panhard, Peugeot, Minerva, Daimler-Knight. Among these are the cars King George of England, the Prince of Wales, King Albert of Belgium and other royal personages favor most for their personal and private use—a list of the Knight-engined-car owners among the Old World nobility reads like a verbatim transcript of the Almanac de Gotha!

PEOPLE BUY THIS CAR because it knows no carbon troubles—it has no valves to grind. The Knight sleeve-valve idea does away with both!... The Lanchester Balancer is another important exclusive Willys-Knight feature An ingenious English invention that positively prevents engine vibration at any and all speeds. Owners will tell you emphatically that smooth and restful driving and riding, particularly at high speed, is practically impossible without it!

PEOPLE BUY THIS CAR because of its definite acceptability from the woman viewpoint. A flexible car, exceptionally easy to drive. A commodious car, extraordinarily camfortable to ride in. And from the standpoint of smartness of design, richness of atmosphere, completeness and elegance of appointment—your Willys-Knight typifies "all that the gentlewoman could possibly desire in an automobile", as an owner pregnantly puts it!

These are the reasons why you, too, will want the Willys-Knight when you give it your close personal examination. See it at the show-rooms listed here. Ride in it. Drive it yourself. A compresive list of owners in your own locality is available to you. Ask them about it. Then consider these SUBSTANTIALLY REUCED PRICES! On any count by which you may appraise the desirability of an automobile, you will find the Willys-Knight more nearly approaches your ideal of what a motor-car should *be* and *do* than anything your experience has yet discovered!
